Lily Miller Brands  
Suite 700, 1000 Parkwood Circle  
Atlanta, GA 30339

Subject: Label and CSF Amendment – Adding use sites and Alternate CSFs #2 &3  
Product Name: Miller’s Garden Sulphur  
EPA Registration Number: 802-16  
Application Date: 01/30/2019  
Decision Number: 548971

Dear Ms. Horton:

The amended label and CSF(s) referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, are acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. “To distribute or sell” is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Please note that the record for this product currently contains the following CSF(s):

- Basic CSF dated 10/18/2011
- Alternate CSF 1 dated 01/31/2012
- Alternate CSF 2 dated 01/30/2019
- Alternate CSF 3 dated 01/30/2019

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the

website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Manjula Unnikrishnan by phone at 703-347-8520, or via email at [unnikrishnan.manjula@epa.gov](mailto:unnikrishnan.manjula@epa.gov).

Sincerely,

A handwritten signature in black ink, appearing to read "Erik Kraft". The signature is fluid and cursive, with the first name "Erik" being more prominent than the last name "Kraft".

Erik Kraft, Product Manager 24

## MILLER'S GARDEN SULPHUR

[Additional Brand Name: Lilly Miller Sulfur Dust]  
Intended For [Outdoor] Residential Use Only

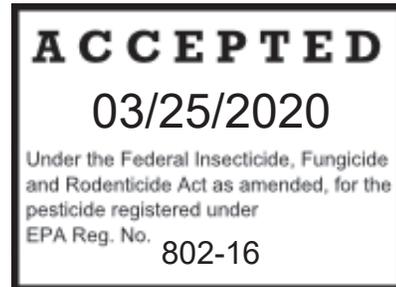

Active Ingredient:

Sulfur\* ..... 90%

Other Ingredients: ..... 10%

Total:.....100%

\*Contains 0.54 lb active ingredient per gallon.

KEEP OUT OF REACH OF CHILDREN

### CAUTION

See [side][back] panel for additional Precautionary Statements and First Aid.

NET WT \_\_\_\_

EPA Reg. No. 802-16

EPA Est. No 67572-GA-1A, 67572-GA-2B, 69703-GA-1C, 69703-GA-2D

Subscript used is first letter of run code on container.

| FIRST AID  |   |
|--|---|
| Have product container or label with you when calling a poison control center or doctor, or going for treatment. |   |
| If in eyes   | <ul style="list-style-type: none"> <li>• Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.</li> <li>• Call a poison control center or doctor for treatment advice.</li> </ul>  |
| If swallowed   | <ul style="list-style-type: none"> <li>• Call a poison control center or doctor immediately for treatment advice.</li> <li>• Have person sip a glass of water if able to swallow.</li> <li>• <b>DO NOT</b> induce vomiting unless told to do so by a poison control center or doctor.</li> <li>• <b>DO NOT</b> give anything by mouth to an unconscious person</li> </ul> |
| If inhaled   | <ul style="list-style-type: none"> <li>• Move person to fresh air.</li> <li>• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.</li> <li>• Call a poison control center or doctor for further treatment advice</li> </ul>  |
| If on skin or on clothing  | <ul style="list-style-type: none"> <li>• Take off contaminated clothing.</li> <li>• Rinse skin immediately with plenty of water for 15-20 minutes.</li> <li>• Call a poison control center or doctor for treatment advice.</li> </ul>   |

## PRECAUTIONARY STATEMENTS

### Hazards to Humans and Domestic Animals

**CAUTION:** Causes moderate eye irritation. Harmful if inhaled, absorbed through skin, or swallowed. Avoid breathing dust. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.

### ENVIRONMENTAL HAZARDS

**DO NOT** apply directly to water. **DO NOT** contaminate water when disposing of rinsate or equipment washwater.

[If you have questions relating to product use or application, please call (866) 945-5033]

[If you have a product spill or transportation emergency call (800) 424-9300]

[For Consumer Refund: TechPac, LLC PO Box 95437 Palatine, IL 60095-0437]

## DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Intended for residential use only.

This product is a combination fungicide and insecticide that can be used as a dust or spray. It can be used on listed flowers, ornamentals, fruits, and vegetables. It kills listed pests and controls diseases including powdery mildew, leaf spot, black spot, scab, rust, and more listed below.

### HOW TO USE

Please read the entire label. Use only as directed, noting all use restrictions. Consult State Agricultural Experiment Station or the State Agricultural Extension Service for sensitive plants and additional information as the timing, number and rate of application needed may vary with local conditions.

**AS A DUST:** Before dusting, shake duster vigorously to mix air with the sulfur. Dust lightly. Frequent light dustings are more effective than single heavy dustings.

**AS A SPRAY:** Remove cap with dip tube to measure dust. Mix the required amount of MILLER'S GARDEN SULPHUR with sufficient water to make a thin, creamy paste before diluting with the balance of the required amount of water. Use about 1 gallon of diluted spray per 1000 square feet.

tsp = teaspoon tbsp = tablespoon

## Fruits & Nuts

Make full coverage applications on both sides of leaves. Apply to plant foliage, stems, and flowers to leave a “barely visible” dust. As a preventive measure or for light infestations, use the lower dosage rates.

**USE RESTRICTIONS: DO NOT** apply MILLER’S GARDEN SULPHUR dusts or sprays when shade temperatures during the day are likely to exceed 85° - 90° F. Injury to foliage and fruit may result. **DO NOT** use within 30 days of an oil spray (60 days on citrus). **DO NOT** combine with an oil spray.

| Garden Crop   | Target Pests/Diseases   | Application Directions   | Application Restrictions Per 1000 sq. ft.  |
|---------------|---|--|--|
| Almonds       | Brown Rot, Scab, Powdery Mildew, Leaf Spot, Mites (Blister, European red, Flat, Silver, Twospotted), Rust, Twig Blight                    | Dust or spray (2½-7¾ tbsp per gallon of water) before blossoms open, during bloom, and after bloom. Apply when disease threatens during rainy periods.   | <b>DO NOT</b> exceed 0.6 lb. [0.54 lbs. a.i.] of product per 1000 sq. ft. per application. <b>DO NOT</b> exceed a total of 7.2 lbs. ### Ornamental Flowers, Shrubs, & Trees

To control black spot and red spiders on roses, ornamental shrubs, and perennials (except in California).

To control rust and powdery mildew on ornamental flowers, shrubs and trees, dust or spray as directed to completely cover foliage. As a preventive measure or for light infestations, use the lower dosage rates.

**USE RESTRICTIONS: DO NOT** apply MILLER’S GARDEN SULPHUR dusts or sprays when shade temperatures during the day are likely to exceed 85° - 90° F. Injury to foliage and fruit may result. **DO NOT** use within 30 days of an oil spray. **DO NOT** combine with an oil spray.

Follow directions given for specific plants.

| Ornamental Flowers, Shrubs & Trees  | Target Pests/Diseases | Application Directions   | Application Restrictions Per 1000 sq. ft.  |
